

Transforming health and care together

Our Dorset

Dear Colleague

VCSE Event in partnership with Dorset VCSA (22nd April 14:00-17:00)

Many people are aware that Dorset health and care partners are working together to deliver a range of programmes under the Transforming health and care banner.

Transforming health and care together

We would like to invite colleagues to an event at **The Hamworthy Club, Canford Magna on Tuesday 22 April** to find out more about these programmes and begin a conversation about how we can **work together to improve services for Dorset residents**.

This in-person gathering, in partnership with **Dorset VCSA**, will be hosted by **Patricia Miller**, NHS Dorset CEO and senior responsible officer for the FutureCare programme, **Councillor Steve Robinson (Dorset Council)** and **Councillor Dave Brown (BCP Council)**, both lead members for health and care.

The event will have representatives from key programmes in attendance to provide information and updates on work underway and talk about how we can work together to deliver these. This includes programmes such as **FutureCare, Integrated Neighbourhood Teams, Thriving Communities** (Dorset Council) and **Fulfilled Lives Programme** (BCP Council).

If you would like to attend the event and be involved, **please book a place by using this [link](#)**. Places are limited but there will be other opportunities to be involved.

In the meantime, if you would like to find out more about the FutureCare programme, or any other programme under the Transforming health and care together portfolio then please contact UECteam@nhsdorset.nhs.uk.

Best regards

Dylan Champion
FutureCare Programme Director
